Message from your outgoing President...

I have learned much in my role as President of our Azalea Sertoma Club. I feel I have made some strides in accomplishing some of my goals for the club. I appreciate each of you for your part in the club's existence and SERVICE TO MANKIND. It takes a team working for the same goal to achieve the recognition we all deserve. Our community is a better place because we do take part in others lives. We have often put ourselves behind what was best for someone else and have won the warm feeling of happiness in our hearts. Taking a ride with children who are scared to leave mom or dad for the first time and then seeing their eyes light up at the site of Camp Sertoma will surely put a tear in your eye. Raising money to help support our American Cancer Society so that one day no one will have to hear those three words... "you have cancer" makes it worth the time we spend helping others. These are just a few of the many things we have done to support others. We can continue to grow and leave our mark on our community and each other if we all work together in unity. Please give your support to our incoming President, Kelly Hunstad and help her attain her goals for our organization.

*Yours in Service,
Dawn*
